SOFT SKILLS

- Leadership
- Negotiation Skills
- Problem-Solving
- Time Management
- Presentation Skills
- Team Collaboration

TECHNICAL SKILLS

- Frontend Development(HTML,CSS,Javascript)
- Wireframing (low & high fidelity)
- User Flows
- Mobile and Web UI Design (Figma,Adobe XD)
- Visual & Responsive Design
- Interaction Prototyping

LANGUAGES

- Sinhala
- English
- Tamil(Basic)
- German(Basic)

ABOUT ME

Final-year ICT undergraduate at Rajarata University of Sri Lanka with a strong foundation in programming and system development. Passionate about UI/UX design and creating simple, user-friendly web and mobile interfaces using Figma and Adobe XD. Eager to apply my technical and design skills in an internship, contribute to real-world projects, and grow within a professional team environment.

EDUCATION

Bachelor of Information Communication Technology (Hons)
Rajarata University of Sri Lanka
2022 - present

GCE Advanced Level | Technology Stream
Rajapaksa Central College Weeraketiya
2018 - 2020

WORK EXPERIENCES

- Trainee as school leaver at Bank of Ceylon Beliatta.
  (2022 Oct - 2023 Apr)

CERTIFICATIONS

- Introduction to UI/UX Design | Alison — view
- Figma UI/UX Design | Udemy — view
- Figma UI/UX Design | DP Education IT Campus — view
- Basics of UI/UX Strategy | UniAthena — view
- Python for beginners | CODL UOM — view
- Web Design for Beginners | CODL UOM — view
- Introduction to DevOps Tools | Simplilearn — view
- AI/ML Engineer Stage 1 | SLIIT — view

PROJECTS & RESEARCH EXPERIENCES

UniTask | UI/UX Design Project (Live Prototype Demo) **2026**

Created a minimalist, high-contrast task management app with seamless user flows and consistent navigation. Used Figma to implement Smart Animate and slide-in transitions, delivering an intuitive, native-app-like experience across all core screens.

Smart Shopping Cart System | POS system(Repository link) **2025**

Designed a clear and responsive interface for real-time monitoring of gas levels and cylinder weight. Created interactive dashboards with Blynk app and Figma prototypes, ensuring users could quickly interpret alerts from the system and take action efficiently.

Hotel Management System | Web App (Repository link) **2024**

Designed a web-based kitchen management system with an intuitive interface to track ingredients, manage inventory, and monitor expiration dates. Focused on usability and efficiency using Figma and Adobe XD, improving organization, reducing food waste, and supporting effective resource management

Quiz Podda | Web App (Repository link) **2023**

Designed and developed a user-friendly, responsive quiz platform for grades 10 & 11, focusing on improving usability and learning experience. Created intuitive UI layouts using HTML & CSS, implemented interactive quiz functionality with PHP, and ensured smooth navigation across devices. Managed project version control using Git/GitHub.

Adaptive Robust Steganography Resilient to Aggresive JPEG Compression and Geometric Scaling | Final Year Research **Ongoing**

Research focused on improving digital image steganography to prevent loss of hidden data caused by social media compression and resizing. Developed a content-adaptive framework using DWT, SVD, and Reed-Solomon Error Correction to ensure secure and reliable data communication.

EXTRACURRICULAR ACTIVITIES

- Official Video Grapher & Editor in FoT Media Unit | 2024-present
  Rajarata University of Sri Lanka
- Member of Association of Technology IT(ATiT) | 2023-present
  Rajarata University of Sri Lanka
